To all the future clients of Sheffield Bookkeeping,

Let me start by saying that bigger isn't always better. I was with a previous bookkeeping firm who I thought was handling my books but there were too many discrepancies for me to stay.

Insert Sheffield Bookkeeping, the onboarding process was a breeze. They got in communication with the previous firm and got all my files from them; and in reality put everything in actual order.

Everything from weekly to monthly emails to make sure charges/transactions and business expenses have been properly filed to helping me get in order with my tax firm. It's just been an absolute breeze and I couldn't be happier. I'm not a number's person I work in the salon industry, there are so many things to know that I don't but Sheffield bookkeeping does.

Thank you for picking me up when my previous firm dropped me because they got too big to handle my small business. Support local, support small businesses at the end of the day it's so worth it.

Thank you again for the Peace of Mind.
